WAR IS NOW IN SIGHT

TURKISH TROOPS CROSS BULGARIAN FRONTIER.

Sultan in Way of Sending an Immediate Ultimatum to Bulgaria—Admiral Cotton Reports Arrival at Beirut.

Berlin, Sept. 5.—A dispatch from Constantinople to day says war is in sight. It is rumored Turkish troops have already crossed the Bulgarian frontier.

A dispatch to the Tagblatt from Constantinople dated to day says:

"War with Bulgaria in sight. The council of war recommended sending an immediate ultimatum to Bulgaria, but the sultan decided to wait. It is rumored Turkish troops have already crossed the Bulgarian frontier without declaration of war. Members of the council of war were up all last night at Yildiz and designated Fethi Pasha, commander-in-chief. The Turkish press is printing inflammatory articles against Bulgarians.

AN ALLIANCE.

Paris, Sept. 5.—A dispatch to the Temps from Sofia confirms the report the official journal, the Dnevnik, which enjoys the confidence of the palace, and is the organ of Minister Popoff, had published the sensational information a treaty alliance exists between Russia and Bulgaria. The Dnevnik claims to possess a copy of the treaty, the terms of which guarantee in case of war between Bulgaria and Turkey the former shall have co-operation of Russia. The Temps emphasizes the importance of the statement and declares officials in Bulgaria timed the announcement so as to give Turkey final warning of the danger of further menacing Bulgarians.

HEAR FROM COTTON.

Washington, Sept. 5.—The navy department received a cablegram from Admiral Cotton announcing arrival at Beirut. The dispatch contains no reference to condition of affairs there.

TRAIN BLOWN UP.

Sofia, Sept. 5.—A train carrying Turkish troops between Ushbar and Vetos was blown up yesterday near Novagat. According to revolutionists many soldiers were killed.

BURNING THEM OUT.

Sofia, Sept. 5.—Advices from Manistir confirm reports that Turks are settling fire to forests of that village, so as to burn out the insurgents and women and children who are in hiding.

WAR OR ANARCHY.

Berlin, Sept. 5.—The Cologne Gazette publishes an interview with one of the Macedonian leaders, who is quoted as saying that the Macedonian committee controls an enormous quantity of dynamite, many guns and much ammunition and a large sum of money and is firmly resolved that unless its efforts result in war between Bulgaria and Turkey or in European intervention, to destroy Macedonian cities with dynamite, burn villages and contaminate fountains and water systems throughout the country. The committee, this leader says, firmly expects war, as otherwise anarchy might be carried into Bulgaria and placed face to face with such an alternative, Bulgaria would prefer war, and upon this result Macedonian hopes are also based.

REPORTS OF FIGHTING.

Sofia, Sept. 5.—Latest details of fighting at Sirbhor state that three insurgent bands, assisted by peasants, were engaged with a battalion of Turkish troops. It is reported 300 Turks were killed. In a three hours fight at Kerikol, near Malkotepovo, between Turkish soldiers and a revolutionary band, the former lost twenty-five men and two officers. The insurgent loss was slight. Turkish forces are reported to have entirely devastated the district of Kostear, in the vilayet of Monastir, and to have burned every village in the district.

WRECK ON THE C. B. & Q.

Oregon, Ill., Sept. 5.—The St. Paul and Minneapolis limited which left Chicago at 6:30 last night on the C. B. & Q., was wrecked at 1 o'clock this morning half mile east of Chana, near this city. The fireman was thrown from his cab and killed. The passengers received a severe shaking up, and were badly scared, but none of them was seriously injured. The engineer jumped and escaped with slight hurts. Spreading rails were responsible for the accident. The engine, mail car and combination smoker and buffet cars were hurled into the ditch. Two Pullman sleepers left the track and were thrown crosswise on the roadbed, but remained right side up.

RUINED TOBACCO CROU.

New Haven, Conn., Sept. 5.—A storm at Thompsonville to day almost totally ruined the tobacco crop, causing a loss of \$100,000. Two men were killed in a house that was struck by lightning. At Unionville a washout on the New Hartford railroad caused a serious wreck.

KILLED BY LIGHTNING.

Brookville, Ind., Sept. 5.—Joseph Beninger and 12-year-old son were killed by lightning this afternoon. Peter Williams, who was standing with them under a tree, was fatally burned.

CRANKTHREATENS HAY

Wanted Claim of \$40,000 Paid—Will be Examined for Sanity.

New York, Sept. 5.—Francis Beque, aged 46, a photographer, was committed to Bellevue hospital to day to be examined as to sanity. Beque was arrested for writing a letter to Secretary State Hay, in which he threatened the secretary if a claim of \$40,000 was not paid, Washington police say Beque had been in the photographic business in Hamburg, but was compelled to leave the country, selling out his business, Beque claimed, at a great sacrifice. This is the origin of his grievance and his demand that Secretary Hay secure his reimbursement from the German government. It is claimed Beque had written letters on the subject to various presidents and secretaries of state since the Harrison administration, non, however, threatening in tone until this letter to Hay, in which he declared if Hay did not attend to his claim he would attend to Hay. Beque expressed satisfaction when arrested, declaring the public would aid him getting his money.

Washington, Sept. 5.—The following authorized statement was given the Associated Press to night:

"It is understood the action taken in the case of Beque, the writer of threatening letters, was not instigated at the instance of the secretary of state. The secretary receives a good many such letters and as a rule pays no attention to them. In this case the letter came into the hands of officials of the state department, who thought it showed a disposition which might lead to mischief. Beque's threats were not aimed especially at the secretary of state and it was not thought likely he would make a journey to Washington to carry them out, but being so much nearer to Oyster Bay it was feared his disordered mind might lead him there. For this reason it was suggested to proper officers that the matter should be looked into."

THIRD TIME WINNER

Travis Captures Amateur Golf Championship of the United States Again.

New York, Sept. 5.—For the third time Walter J. Travis has won the amateur golf championship of the United States. He won his third victory to day in the final 36-hole round of the national tournament by 5 up, 4 to play. Eben M. Byers, of Pittsburg, was the runner-up. Byers was also the runner-up last year, being beaten by Louis N. James, of Chicago, who was defeated in the first round of the national tournament. Byers beat Travis in last year's championship by one hole, but the veteran champion of the two preceding years had his revenge to day. Travis played superior golf and while from the tee honors were about even, Travis was far ahead of his opponent in approaching and putting. He approached with machine-like accuracy and the sureness of his putting at from three to ten feet was a feature.

WILL LEAVE VATICAN.

Rome, Sept. 5.—The pope has ordered that estimates of the cost of repairing the Lateran palace be asked for, with a view to rendering it habitable. The building is now in a dilapidated condition and is used as a museum. It was formerly the summer residence of the popes. The pope's idea of repairing the palace is highly recommended, and is taken as showing his inclination not to remain immured in the vatican.

ROBBED EXPRESS COMPANY.

Kansas City, Sept. 5.—Albert Andrews, an employee of the Wells Fargo Express company, is under arrest here, charged with having systematically stolen packages from the company during the past two years. Andrews, police say, confessed to forty robberies, the total value of which amounts to many thousands of dollars.

OFFICIAL INFORMATION.

Belgrade, Sept. 5.—An official note concerning recent arrests of Serbian army officers says twenty-eight officers, mostly lieutenants, were arrested on charges of insubordination. Their disciplinary examination is proceeding.

The officers arrested yesterday have been released, but ordered to remain in their quarters. Great local excitement prevails. There are rumors of a cabinet crisis. King Peter will return here Sunday.

SIXTEEN DROWNED.

New Orleans, La., Sept. 5.—According to a report just received here the American ship George W. Kelley, of the Bluefields line, foundered in the Caribbean sea during the recent hurricane which swept over a number of West Indian islands. The Kelley was loaded with fruit and was bound for this port. Her crew of fifteen men and one passenger are believed to have been lost.

BANK STATEMENT.

New York, Sept. 5.—Loans, increased \$1,304,300; deposits, decreased \$1,322,000; reserve, decreased \$1,575,100; surplus, decreased \$1,230,500.

WILL ASSIST ST. LOUIS BANKS

SECRETARY SHAW COMES TO THEIR RESCUE.

Have Advanced Millions of Dollars Expended Upon Exposition and are now Facing Demand for Money to Move Crops.

Chicago, Sept. 5.—Secretary Shaw was in Chicago to day on the way to Deadwood, S. D., to attend a meeting of the American mining congress. It was understood he had taken action to relieve St. Louis banks from the strain incident to expenditures on account of the Louisiana Purchase exposition. Asked as to what action he had taken Secretary Shaw said:

"The banks at St. Louis have advanced directly probably \$3,000,000 of the \$10,000,000 expended upon the exposition grounds and buildings, and indirectly nearly the entire amount. In addition to this they have advanced \$2,000,000 or \$3,000,000 to concessionaires. They are now facing the annual demand for money to move crops in the southwest and are shipping out from \$200,000 to \$300,000 per day. The government in a certain sense has accepted a co-partnership interest in the exposition. At least it has appropriated \$5,000,000 to aid the exposition. This is available only to meet current expenditures. To relieve the present situation, I have arranged to deposit \$2,500,000 in the banks of St. Louis. This would be no advantage to the banks if they were compelled to purchase government bonds as security therefor. They have tried to borrow the bonds, but they are not available. In order to assist the banks such securities as banks can furnish must be accepted. The banks can furnish such securities as the legislature of New York has approved for savings banks; and I have agreed to accept the same as security for the \$2,500,000 at 50 per cent of their par value. In other words the banks will deposit \$5,000,000 of state and municipal bonds, such as New York approves as security for money belonging to widows and orphans. And upon this \$5,000,000 the government will deposit \$2,500,000. This, however, is intended as a temporary loan and will be gradually recalled as the \$5,000,000 appropriation is expended.

NATIONAL SHOOT.

Sea Girt, N. J., Sept. 5.—Weather conditions seriously interfered with the national shoot to day. The skirmish team match was postponed until Monday on account of a storm. The event of interest this afternoon was the revolver match, in which teams of five men each competed. Then rat prize included a trophy, a medal to each member of the team and \$50 in cash. The team representing Squadron A, New York, finished in the lead by a total of 849 out of a possible 1,500.

WANTS HIS FREEDOM

Millionaire Trying to Free Himself of Insanity Charge.

Racine, Wis., Sept. 5.—Charles Edward Shevelin, a millionaire lumberman of Minneapolis, came here this morning in custody of a deputy sheriff and applied to the circuit court for a writ of habeas corpus requiring those who held him to appear before the court and show cause why he should not be set free. He had been detained at a sanitarium near Lake Geneva and is now trying to free himself from an insanity charge.

COURTMARTIAL CASES.

Washington, Sept. 5.—Two courtmartial cases, in which the dismissal of accused officers is involved, are under consideration by the judge advocate general of the army. One of the cases is that of Lieutenant Hamilton Foley, Fifth cavalry, recently stationed in the Philippines, who was convicted of financial delinquencies and sentenced to be dismissed. The other case is that of Lieut. M. Hamilton, Fourteenth infantry, also stationed in the Philippines, who was convicted of conduct unbecoming an officer and a gentleman, and sentenced to dismissal. The cases will be forwarded to the president for final action.

INDICTMENTS RETURNED.

Denver, Sept. 5.—The grand jury in its final report to day in addition to indicting Thomas J. Maloney on the charge of bribery in connection with a contract for transcribing the county records, indicted City and County Clerk Julius Aichele on the charge of receiving bribes. Eighteen members of the Smeltermen's union were indicted on the charge of riot in connection with inauguration of a strike at the Globe and Grant smelters.

DEATHS.

St. Louis, Sept. 5.—Edward M. Collins, general superintendent of the Missouri, Kansas & Texas railroad, is dead here. Death was the result of fever caused by running a nail in his foot. Collins was a native of Ohio, Iowa.

COMMANDER PEABY

Will Make Another Effort to Reach the North Pole—Will Start Next July.

Washington, Sept. 5.—Commander Peary has decided to make another dash for the north pole. He has been granted a three years leave of absence and has been assured of the hearty sympathy of both President Roosevelt and Acting Secretary of Navy Darling. He proposes the ship and all its fittings shall be of American construction. He expects to start with the expedition about July 1 next. Upon arriving at the Whale sound region he will take on board a large number of Eskimos and establish a permanent base at Cape Sabine. Thence he will force his way northward to Grant Land, where he hopes to establish winter quarters on the northern shore. As far as practicable along the route he will establish caches. The following February, with the earliest returning light, he will start due north over the polar pack with a small light pioneer party and followed by the large main party. He expects to accomplish the distance to the pole and return in about a hundred days. Distinctive features of Peary's plan are the use of individual sledges with comparatively light loads, drawn by dogs; adoption of Eskimo methods and costume and fullest utilization of the Eskimo themselves. Peary believes the advantages of his plan and route are a fixed land base 100 miles nearer the pole than any other route; a more rigid ice pack extending further poleward than is to be found on the opposite side of the pole; a wider land base on which to retreat and well beaten line of communication and retreat from winter quarters to comparatively low latitudes, which is practicable at any season of the year.

STEAM AND ELECTRIC ROAD.

Cincinnati, Sept. 5.—The Ohio River & Columbus Railway company has filed a mortgage at Washington Court House for \$1,000,000 in favor of the Union Savings Bank and Trust company of Cincinnati to secure bonds for construction of a steam and electric road from Columbus, Ohio, to Maysville, Ky. This line was partly surveyed over fifty years ago, the most direct one between the lake and Ohio valley.

FASTING FOR SCIENCE.

New York, Sept. 5.—Stepney G. Playsted, of Williamsburg, is attempting to fast for forty days for purely scientific purposes. He declares he has already accomplished two weeks of that time and last night after an examination by physicians he was pronounced to be in excellent condition. His purpose is to demonstrate that a man living on one and a half pints of water, or less, a day can retain all his physical strength and mental forces and be able to go about his work in the usual way. Playsted is a press builder.

VIOLATED SHIPPING ACT.

Mobile, Ala., Sept. 5.—J. Vennergoesen, master of the Norwegian steamship Nedemes, running between here and Cuba, under charter of the Munson line, was charged by United States Commissioner Rickaby last night with violating the United States shipping law forbidding the payment of advance wages to seamen. At the request of the captain, the case went over a day. The case will be stubbornly fought on the proposition that the United States has no jurisdiction over foreign shipping. The supreme court recently decided to the contrary.

THE LETTER CARRIERS.

Syracuse, N. Y., Sept. 5.—The National Letter Carriers elected the following officers: President—J. C. Keller. Vice president—J. C. Bunton, Hoboken, N. J. Secretary—Edward J. Cantwell, Brooklyn. Treasurer—George E. Butterfield, Bay City, Mich. Executive committee—John Hincwadel, Syracuse; C. B. Ingalls, Oswego, N. Y.; M. T. Finnen, Bloomington, Ill.; G. W. Davidson, E. Louis.

Portland, Me., was selected the next convention.

A FRAUDULENT CLAIM.

Grand Rapids, Mich., Sept. 5.—William Boyle, alias Burns, a Pere Marquette railroad switchman, who claimed \$1,500 for alleged injuries sustained on that road, it is said confessed to night his claim was fraudulent. It is also said he confessed to having collected \$1,400 from the Rock Island in 1897 on a similar claim, \$500 from the Houston & Texas in 1890 and \$550 from the Michigan Central last June.

WILL GO TO SYRACUSE.

Oyster Bay, Sept. 5.—The president and party will leave Sunday morning for Syracuse, where he will open the state fair Monday. On his arrival at Syracuse the president will review the Labor day parade, then go to the fair grounds and deliver an address. Afterwards he will review the letters carriers' parade and in the evening attend a dinner given in honor of the president by Former United States Senator Frank Hancock. The party will leave Syracuse for home at 5:30 Monday night.

MAYFLOWER DESCENDANTS.

Plymouth, Mass., Sept. 5.—The nominating committee of the national society of Mayflower Descendants to day nominated: Governor general, Charles Francis Adams, Massachusetts; deputy governors, J. N. Hyde, Illinois; Paul Allen Doty, Michigan; J. M. B. Lombard, Wisconsin; assistant general, S. S. P. Thayer, Minnesota; W. H. Howard, Illinois.

MOTHER AND CHILDREN DEAD

DECOMPOSED BODIES ARE FOUND IN HOUSE

Investigation Developed the Family Died From Poisoning—Woman's Fear of Divorced Husband the Cause of the Act.

Philadelphia, Sept. 5.—The bodies of Mrs. Rosa Lieser, 35 years old, and her two children, Gottfried, 18 years and Mary, 15, were found by police to day in their home on Germantown avenue. The mother and son were lying on a couch clasped in each others' arms and the daughter's body was lying on three chairs at the foot of the couch. The bodies were decomposed.

Mrs. Lieser and her children came here from Zurich, Switzerland, five months ago. She and her son were employed in a silk mill. None of the family had been seen by neighbors since last Wednesday.

Police and coroner investigation developed the fact the family had died from poisoning. It is believed they agreed to end their lives together. Charles Leiser, brother of the dead woman, expressed the opinion that fear of her husband, from whom she was divorced, was the cause of the act. The husband is in Switzerland, but, according to Leiser, had written his former wife announcing his intention of coming to this country. Leiser said his sister had expressed fears she would suffer violence at his hands. The family were not in want, as Mrs. Leiser had a small account with a local trust company.

FOUND GUILTY

Jury at Danville Finds Verdict Against Twelve Rioters.

Danville, Ill., Sept. 5.—Verdicts of guilty were returned shortly after midnight against twelve rioters who assaulted the Danville jail July 25. The following were found guilty: Bessie Dodge, Winfield Baker, Jack Walton, William Redwine, Minnie Mobaker, John Isom, Isaac Newton Slad, John Robertson, Thomas Bell, Horace Murphy, Adam Merry, D. L. Menfee, Richard Roberts and John Kress were acquitted.

The charge was "Assaulting the Danville jail with intent to commit murder." The trial has been on for several days. Most of the defendants tried to prove alibies or to prove they were innocent bystanders. Sheriff Whitlock and his deputies, who defended the jail against the assault of the mob, identified all of those convicted. During the afternoon Richard Roberts turned state's evidence and identified five defendants as persons whom he saw in the mob. He identified Bessie Dodge and said she stood on a wagon and urged the mob to lynch Sheriff Whitlock.

There are eight other men under indictment, but they may not be tried, as those found guilty are said to be the ringleaders. The convicted persons are liable to penitentiary sentence.

MAY HAVE BEEN MURDERED.

Springfield, Sept. 5.—Police here are inquiring into the death of Bert A. Whitesides, of this city, at Rock Island Aug. 25, and from what they have been able to learn are of the opinion he was murdered by his nephew, C. L. Gabbart, who committed suicide at Galesburg Thursday last. On July 17 Mrs. Gabbart wrote Chief of Police Anderson that her husband was missing and that he had left Ramsey, Ill., where the letter was mailed with Whiteside. Two weeks later she appeared here and informed the chief that she feared Whiteside had murdered her husband. Aug. 25 Whiteside was found unconscious on the streets of Rock Island and died at the police station without recovering consciousness.

NEW EXPRESS COMPANY.

Denver, Sept. 5.—The Globe Express company, with general headquarters at Denver, capital \$50,000,000, will begin active operations on Oct. 1, succeeding to the business of the Denver & Rio Grande and Western Express companies. The president of the company is George W. Kramer. Among the directors are George J. Gould, E. T. Jeffery and Jesse White, of New York.

BREAK IN STRIKE.

Kansas City, Sept. 5.—There was a break in the coal miners' strike in northeast Missouri to day when the men out at Higbee, 250 in number, agreed to return to work Tuesday morning next. This is the result of efforts of Vice President Lewis, of the United Mine Workers of America, who was sent into the district by President Mitchell.

MAYFLOWER DESCENDANTS.

Plymouth, Mass., Sept. 5.—The nominating committee of the national society of Mayflower Descendants to day nominated: Governor general, Charles Francis Adams, Massachusetts; deputy governors, J. N. Hyde, Illinois; Paul Allen Doty, Michigan; J. M. B. Lombard, Wisconsin; assistant general, S. S. P. Thayer, Minnesota; W. H. Howard, Illinois.

MILITIA DECISION

Entitled to Pay, Subsistence and Transportation Allowances—Mining Statistics.

Washington, Sept. 5.—The war department has published a decision of the controller of the treasury, in which he holds that any portion of organized militia that shall engage in actual field or camp service, for instruction, and organized militia of any state or territory that shall participate in any encampment, maneuvers and field instruction of any part of the regular army, at or near any post or camp on lake or sea coast defenses of the United States, are entitled to pay, subsistence and transportation allowances for the entire period from the time when such militia shall start from their home rendezvous to the time of their return to their home rendezvous.

MINING STATISTICS.

The director of census to day announced that "complete and satisfactory reports had been received by the census bureau for its mining statistics from a large number of coal mining companies of Pennsylvania, including many of the principal companies. While some time has elapsed since the census schedules were sent out and while there is apparently some delay on the part of other companies in supplying the required information, the census office has no reason to believe any of these delinquents will refuse to fill the schedule and has not yet pressed them for a report."

VICTORY FOR WATER BOY

CAPTURED CENTURY PRIZE AT SHEEPSHEAD BAY

Crowns Himself Champion and Breaks Track Record—Flat Bush Stakes Won by High Ball—Other Races.

New York, Sept. 5.—Amid the rousing cheers of 25,000 persons J. B. Haggin's Water Boy won the \$20,000 Century stakes at Sheepshead Bay to day. The big son of Water Cress, who was crowned champion of the all age division in the early part of the season, to day settled all question of his supremacy by his easy victory. He broke the track record for mile and a half, by covering the distance in 2:31 3/5, which is two-fifths of a second faster than the previous time made by J. B. Haggin's Water Color in 1901. Water Boy was third choice in betting, closing 4 to 1. This year's American derby winner, The Picket, was second and Heno third.

The field that faced the starter for the Century stakes probably was the best and most evenly matched of the year. Only five horses paraded with Hermis, always a warm favorite at 9 to 5, Heno being second choice at 13 to 5. After a few moments' delay at the post they were sent away to a good start. Before they had covered an eighth of a mile Odum sent Hermis to the front, the Water Boy second and Heno third. This order was maintained passing the stand for the first time. Hermis was full of running and fighting for his head, but Odum had a strong hold on him. Around the paddock they went with Hermis two lengths in front of Water Boy, who was leading The Picket three-quarters of a length. Rounding the far turn O'Neill sent Water Boy up to the leader. The pair ran like a team for a few strides, when O'Neill gave his mount his head and he shot forward and soon had a commanding lead. From the head of the stretch to the wire Water Boy just galloped and won easily by two and a half lengths from The Picket, who was four lengths in front of Heno; Hermis fourth, six lengths back.

The \$10,000 Flat Bush stakes for two year olds was won by an 8 to 1 shot, High Ball, Broomstick was second and Pulsus third.

RACES AT PROVIDENCE.

Providence, R. I., Sept. 5.—The Grand circuit meeting was brought to an untimely close in the middle of the afternoon by a heavy downpour of rain, which flooded the track. The 2:10 pace was declared off and 2:16 and 2:19 paces abruptly closed, first moneys being awarded respectively to Annie M. and Henry N., who had won two heats each.

The 2:38 trot, feature of the day, was won in straight heats by Dan T.

2:19 pace, \$1,000, 3 to 5 (ordered closed), seven starters:

FAST DECAYING

Washington Tomb and Mansion at Mount Vernon is Crumbling.

Washington, Sept. 5.—The tomb and mansion of George Washington at Mount Vernon are crumbling and every effort is being made to treat the stones so that they will better withstand the effect of the elements. A large force of men are now covering the limestone of which the tomb is constructed with a preparation which it is said will prevent further decay of the stone by making it water-proof.

Superintendent Dodge noticed some time ago that the old tomb, which was built by General Washington some years before his death and in which his body with that of his wife rested until about thirty years ago, when they were removed to the new tomb constructed of brick, was so soft that it could easily be cut with a penknife. He at once began looking around for means to preserve the historic stones. The cornerstone, the one bearing the masonic emblem, was removed in the hope of at least preserving it. In taking it from its position the masonic emblem was destroyed, but an exact imitation was recut in the stone.

Mr. Dodge also says that the sandstone foundation of the mansion is in a bad way. If the treatment which the stones are receiving is not a success the old foundation will have to be replaced with a modern one or the building will collapse in a few years. The damp climate at Mount Vernon is held responsible for the disintegration of the masonry.

WABASH LABOR DAY EXCURSION RATES.

Tickets sold Sept. 5, 6 and 7, good to return until Sept. 8; fare and a third within 100 miles, with maximum rate of \$3.00 to points between 100 and 200 miles, one fare. All near points fare and one-third.

FEET SWOLLEN TO IMMENSE SIZE.

"I had kidney trouble so bad that I could not work," says J. J. Cox, of Valley View, Ky. "My feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure, which made a well man of me." A. J. Obermeyer, City drug store.

Buy Herman's celebrated millinery and you will always get the correct styles.

PECULIAR ACCIDENT. Taylorville, Sept. 5.—Inez, the 6-year-old daughter of Mr. and Mrs. Edward Eads, was the victim of a peculiar accident to day. She was walking along the street with her parents when a woman approaching from the opposite direction and looking backward thrust her parasol down the child's throat.

The child's throat and mouth were painfully lacerated and bruised.

Just a few more Gasolene stoves left and they go at any price. Galbraith Furniture & Carpet Co.

HE CURED THE LITTLE GIRL.

Mr. Herman Muller, senior member of the firm of Muller & Leykam, extensive lumber and general merchants at Polar, Langdale Co., Wis. says: "My little girl was troubled with a bronchial cough and we tried several remedies without satisfactory results. We finally gave her a few doses of Harts' Honey and Horehound, which quickly cured her." Harts' Honey and Horehound is a never failing cure for all throat and lung troubles to which children are subject. It is very pleasant to take and the absence of any deleterious or dangerous drugs makes it especially valuable for small children. 25c, 50c and \$1 bottles. Sold by Lee P. Allcott, drugist.

One writer makes the following suggestion: He says divorce would be entirely done away with if married couples were compelled to live three or four blocks apart, and could see each other only by sneaking up an alley and going in the back way after dark. We are inclined to think that there is something practical in this plan. There are a lot of men, both married and single, whose past experience would fit them for model husbands.

A NEW JERSEY EDITOR'S TESTIMONIAL.

M. T. Lynch, editor of the Philadelphia, N. J., Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family, but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." J. A. Obermeyer, City drug store.

For comfort, good service and low rates patronize the Nickel Plate road. Good road bed, splendidly equipped trains and first class dining car service, meals being served on American club plan, ranging in price from 35c to \$1.00; also service a la carte. Three through trains daily, in each direction. Rates always the lowest. No excess fare on any train on that line. Chicago ticket office, 111 Adams St. Depot, LaSalle street station, corner VanBuren and LaSalle streets, on the elevated loop.

ROUND THE WORLD

A Wonderful Trans-Pacific Journey of Six Months via Chicago & Northwestern.

In line with its well known policy of development of trans-continental and trans-Pacific travel, the Chicago & Northwestern railway is now organizing a personally conducted round-the-world tour, to leave Chicago in October, visiting Hawaii, Japan, China, The Straits Settlements, Ceylon, India and Egypt, returning via the usual European points of interest on the way home.

The party will be most admirably provided for en route. The railway trip will be made on luxurious fast trains through the great Mississippi valley over "the only double track railway between Chicago and the Missouri river," and west via Denver and through the mountain wonderland of Colorado and Utah. The trip across the Pacific will be on one of the magnificent new Pacific Mail company's steamers.

This trans-Pacific traffic has grown to such proportions that the service has been improved and elaborated until in many respects it is said to vie with that found on the finest trans-Atlantic greyhounds.

The trans-Pacific route is the coming highway over which American pleasure seekers will travel for recreation and sightseeing. Hawaii, Japan, China, Australia and our own Philippine possessions are full of interest and the number of visitors to these far-away lands increases with the increased facilities for travel.

MISSIONARY MEETING.

The Woman's Foreign Missionary society of Centenary church held their annual mite box opening at Miss McGinnis' Saturday afternoon. After the usual business an interesting program was given. Miss Melton gave a very interesting and instructive talk about her work in Japan, which was very much appreciated. A social hour was enjoyed and the hostess served delicious refreshments.

PROPERTY SOLD.

The property known as part of lot 1, in Carter's addition, corner of Oak and South Main streets, was sold at auction at the south door of the court house Saturday and was bought by A. H. Finlay. The price paid was \$1,795.50. The sale was in charge of T. H. Buckthorpe and Capt. John E. Wright was the auctioneer.

WANTED—50 MEN AND WOMEN

To Take Advantage of Special Offer Made by Hatch.

Hatch, the enterprising druggist, is advertising to day for fifty men and women to take advantage of the special half price offer the y are making on Dr. Howard's celebrated specific for the cure of constipation and dyspepsia, and get a 50 cent package at half price, 25 cents.

So positive are they of the remarkable power of this specific to cure these diseases, as well as sick headaches and liver troubles that they agree to refund the money to any customer whom this medicine does not quickly relieve and cure.

SO SOOTHING

Its Influence Has Been Felt by so Many Jacksonville Readers.

The soothing influence of relief After suffering from itching piles, From eczema or any itchiness of the skin Makes one feel grateful to the remedy. Doan's Ointment has soothed hundreds. Here's what one Jacksonville citizen says. Anthony Ward, of 1043 North Main street, says: "For fifteen years I was troubled with a severe irritation on my body and nothing I employed brought good results until I procured Doan's Ointment at Dr. H. Lee Hatch's drug store and used it. The effect was prompt and in a short time the trouble was removed. I had also suffered from eczema on my forehead and although I treated for it with physicians they could do it no good. A few applications of Doan's Ointment entirely removed it. This reliable preparation is a true specific for skin diseases." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

BRIGHT PROSPECTS.

The prospects for a good attendance at Illinois college are very flattering indeed. From present indications the freshmen class will number fully forty-five. The changes that are being made in the material equipment are most desirable and the heating conditions will be vastly improved. Monday, Sept. 21, is registration day and the college will open Tuesday. Nearly all the rooms at the academy for boarding pupils have been engaged and indications point to a large enrollment in every department.

GOLF CONTEST ENDS

A. Campbell Brown of Springfield Wins Individual Championship.

Springfield, Sept. 5.—The finals in the Central Illinois Golf association were played Saturday afternoon and A. Campbell Brown, of Springfield, won the individual championship over W. B. Miles, of Peoria. Mr. Miles defeated George W. Chatterton, Jr., Saturday morning and Mr. Brown defeated E. L. Wolcott, of Quincy, in the semi-finals. In the putting contest played off at the links Friday morning Douglas Cadwallader won the prize offered by A. Campbell Brown by holing five balls on the putting green in nine strokes. Mr. Cadwallader has won four prizes in the tournament—for the best score against bogey in the team match, for driving contest, for the approach and putting contest and for the putting contest. It was thought that Cadwallader would be the winner in the individual championship game, but by some unlucky chance he was not in good play Saturday and was defeated in the fourth eighteen holes of the match.

THE EQUINOX.

As the autumnal equinox draws near the weather sharps who build their planetary influences are making all kinds of predictions of calamity. What the weather bureau has concluded in regard to the popular belief in regard to equinoctial storms is set forth in a letter from Director William G. Burns, of Springfield, to S. B. Randall, a voluntary observer at Cambridge, Ill. In his letter Mr. Burns says: "Insofar as I have been able to learn, there is no recognized relation between the equinoxes and the occurrences of storms at that period, further than that at the time of the vernal equinox there exists a transitional period, the breaking up of winter conditions and the merging into spring. I quote from bulletin No. 20, Weather Bureau, by Professor Bigelow: 'A most impressive feature of this change deduced from a close study of the barometers and temperature readings of the weather bureau is the suddenness with which the struggle is concluded in the northwest for March often comes in with a very violent action, and this is almost certain to end about the 20th of the month with moderate movements of the air. The struggle is prolonged in the east, but is usually over by April 10.'"

"The probability of the occurrence of severe storms is greater during the first decade of March than during the second. We may expect severe storms any time during the month, but there is no scientific basis for predicting a storm on or about the vernal equinox. The month of September is in another period of transition. It is also one of the months that make up the West Indian hurricane season. The probability of the occurrence of storms increases as the season advances."

"In a study of the storm by Prof. F. H. Bigelow of the United States weather bureau concerning a period of ten years there occurred 120 storms in the months of February and 107 in March; during autumn 79 storms occurred in September and 107 in October. From this we may conclude that the 'long range' weather prophet would have a higher percentage of certainties in predicting storms on the 29th of February than the 29th of March, and for the same reason he would be more successful in naming the 20th of October as a storm period than the 20th of September."

TO CEASE BUILDING.

Pittsburg, Sept. 5.—The Post says plans have matured for a general cessation of building operations in 1904. It is said that \$150,000,000 worth of building operations proposed for next year have been rescinded. The intention is to wait for the general labor situation to settle and the sectional wars and strikes to end. It is alleged the Pennsylvania railroad decided to withdraw plans for \$50,000,000 improvements; that in New York \$20,000,000 of proposed new buildings are withdrawn; and in Chicago more than \$70,000,000. The unreliable state of the labor and is blamed for many more contemplated withdrawals of new work.

DENOUNCED GOVERNOR.

Victor, Colo., Sept. 5.—A mass meeting of citizens to night denounced the governor for ordering troops to the Cripple Creek district where miners are on a strike.

SWALLOWED POISON

Joseph Mann Takes Wrong Medicine by Mistake.

Joseph Mann, of the firm of Breckon & Mann, went to the closet of his home Saturday, in which he usually keeps his medicine bottles, and took from the shelf what he supposed was the blackberry cordial bottle, and drank some of the contents. In a moment he realized he had gotten hold of something else and looking at the label on the bottle found that he had swallowed some tincture of iodine. Dr. P. C. Thompson was immediately sent for and on his arrival promptly administered some very effective antidotes, which brought considerable relief to the sufferer. Mr. Mann is, however, suffering with a very sore throat and also with gastric disturbances, but this will be only temporary and the patient will be able to be about again in a few days.

MARRIED 25 YEARS

Mr and Mrs Henry Cocking Celebrate Silver Wedding Anniversary.

Mr. and Mrs. Henry Cocking celebrated their twenty-fifth wedding anniversary Saturday afternoon and evening in a most delightful manner. Their hospitable home on West North street was thrown open during the day and neat invitations inviting their friends to call between the hours of 7:30 a. m. and 10:30 p. m. had been issued and many, indeed, were the hearty congratulations extended by the many numerous friends and relatives of Mr. and Mrs. Cocking in this and surrounding vicinities. Mrs. Cocking's maiden name was Sarah Reynolds and her marriage to Mr. Cocking took place in Pittsfield, Pike county. Mr. Cocking has been a resident of this city for forty-five years, having for many years been engaged in the merchant tailor business. He came to Jacksonville direct from London, England. For over thirty-eight years he has resided in his present home. During the past four years he has been an invalid and during that time he has had the tender and self-sacrificing ministrations of his devoted helpmeet. He still maintains a cheerful disposition despite his infirmities and life has much of interest to him.

For the past four years Mrs. Cocking has been president of the local W. C. T. U. and her zealous efforts in behalf of that organization could not have been more forcibly shown than the manner in which she brought the association's needs to the attention of those who came to see her yesterday.

Her invitations read, no presents, but at the bottom was a line which read: "Any (silver) money contribution toward the building fund of the Jacksonville W. C. T. U. hall will be acceptable." Inconspicuously placed in the parlor was the W. C. T. U. flag, into which contributions for this fund have been previously placed, neatly tied with ribbons. Thus her delightful anniversary was made happier by the thought that through her celebration she was affording an opportunity to aid a most worthy institution.

Light refreshments were served and in every way the day was most happily spent. Among those present from out of the city were: Mr. and Mrs. Bennett, of Meredosia; Mrs. Charlton, Winchester; Mrs. Wheeler, Sinclair; and Mr. and Mrs. James Craig, Woodson.

READY FOR BUSINESS.

In another column will be seen the notice that Messrs. Erison & Kennedy will continue the light livery business at the barn of Mr. Ogle, a few doors north of their former stand on North Main street. These worthy young men have had a hard struggle and bravely have undertaken to go ahead again and they are deserving of all consideration. While in business here they made a good name by their strict attention to the wants of their patrons and their fair dealing with all, and the calamity which has befallen them in the recent fire entitles them to the sympathy and kind regard of all.

THE BANNER SOCIETY.

At the state meeting of the Christian church at Eureka last week the reports showed that the Junior Endeavor society of the church in this city again the banner society, of Illinois, having raised nearly \$200 for missionary and charitable purposes. This is a great honor and speaks well for this society.

JOE, THE TURK.

Joe, the "Turk," a famous Salvation army worker, who has made himself conspicuous in the work of that organization for some time, has arrived in the city and will assist the army here in their meetings to day and Monday.

The "Terrible Turk's" real name is Joseph Garabed. He was born in Tulos, Turkey, in 1860. He came to America when only 21 years of age and went into the boot and shoe business in San Francisco and while there became interested in the Salvation army work, becoming one of its most enthusiastic supporters.

Garabed is a naturalized American and upon one occasion he returned to his native country, Turkey, and there they demanded of him his passport, which he refused to give up and in consequence was thrown into prison. He was released only on condition

that he would at once leave the country and he was forced to come back to America without seeing his sisters and brothers, whom he had not seen for twenty years.

He is a good speaker and dressed in the garb of his native countrymen he presents a striking appearance, while doing the army work.

The Turk is a musician of more than ordinary ability and his playing on the cornet, the saxophone and the piccolo shows him to be a master of those instruments. He speaks fluently several different languages and has one song that he sings in seven different tongues. He will have charge to day of the Sunday morning service and also of the afternoon and evening services. There will be a special open air service Monday afternoon at 2:30 o'clock and in the evening at the barracks he will give his famous zophonone concert.

THE PROPER TREATMENT FOR A SPRAINED ANKLE.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied a complete cure has been effected in less than one week's time and in some cases within three days. For sale by all druggists.

WOMAN WHIPPED.

Fairmont, W. Va., Sept. 5.—Mrs. William Barbe, of Butler's Run, near here, was stripped and terribly beaten Thursday by four young men who had pledged themselves to rid the community of her presence. The whipping was the result of her alleged brutal treatment of her niece, whom it is charged she beat with the butt end of a whip at a country gathering. Her assailants used buggy whips and kept up the chastisement until Mrs. Barbe fell unconscious to the ground. She was left lying by the roadside, but managed to drag herself home. The four men were arrested and fined sums aggregating \$50, which was raised by the citizens, who approved of the whipping.

CURED HEMORRAGES OF THE LUNGS.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." J. A. Obermeyer, City drug store.

CROKER FAVORS GORMAN.

New York, Sept. 5.—A Paris dispatch to the World states that Theodore W. Myers, a former controller of New York city, a Gold Democrat, has arrived there after a visit to Richard Croker at Waukegan, and that Myers declares the former Tammany chief is desirous that Senator Gorman be the Democratic nominee for president. Mr. Myers ascribes these words to Mr. Croker:

"In any event the only political wish I have to day is my earnest desire that Senator Gorman be the next Democratic nominee for the presidency."

One of the most important requirements in a medicine to be given to small children should be that it is pleasant to take. Bad tasting medicines disturb the stomach, destroy the appetite and it is extremely difficult to get children to take them. The pleasant flavor of Re-Go Tonic Laxative Syrup, the certain cure for dyspepsia, constipation and biliousness, pleases the most sensitive persons and is the ideal laxative for young children. 25, 50c and \$1 bottles sold by Lee P. Alcott, druggist.

KISSED WRONG MAN.

St. Paul, Minn., Sept. 5.—Robert Leavenroth, a traveling salesman for a Chicago tobacco house, was seized and heartily kissed at the union depot this morning by a young woman who mistook him for her brother. Leavenroth entered the depot in the rear of two girls, who had got off the same train. Suddenly they were confronted by another girl, evidently there to meet them. Leavenroth tried to pass by, but the third girl caught him, threw her arms about him and imprinted several resounding smacks on his cheeks, with the cry, "Oh, here is Charley!"

In an instant she realized her mistake. With a humbled apology the three girls fled, leaving the victim of the affectionate onslaught to recover at his leisure.

SOCIETY MAN KIDNAPPED.

Belleville, Ill., Sept. 5.—This community was startled last night when it became known the Allen Johnson, a prominent society young man, had been kidnapped by relatives, and that his bride of a month has sworn out a warrant charging him with wife abandonment.

The young man's father, Charles C. Johnson, general freight and passenger agent for the Louisville & Nashville railroad, stated that he would prosecute the Chicago marriage license official who issued a license to his son to wed Annetta Gasior. The young folks were married in Chicago July 27 last.

Johnson claims his son is only 18 years of age. He is greatly displeased with the girl his son wedded, and threatens that, unless he is able to have their marriage declared void, he will bring a civil action against the marriage license official. By reason of the high standing of young Johnson the marriage and kidnapping have created a decided sensation.

TWO WELL KNOWN JACKSONVILLE BELLES TO JOIN ZIG ZAG ALLEY.

Aside from its merits as one of the largest and best musical productions to be seen here this season the presentation of "Zig Zag Alley" on Tuesday night at the opera house will create a sensation when the curtain goes up and reveals two of Jacksonville's well known and highly connected young ladies in the cast. The identity of the pretty debutantes is not disclosed, and will not be by Manager Flack in advance of the production, under a promise made by the young ladies when the engagement was made.

Last Monday, while sitting in the office of the Grand opera house at St. Louis, two extremely pretty and stylishly dressed young ladies called for Manager Flack. They said they were desirous of entering the theatrical profession and asked if there were any vacancies in his company. The striking appearance of the young women impressed the astute manager, who, ever on the lookout for an opportunity to add to the feminine attractions of his company, said that while none really existed at the time he might use them, provided their voices were of the proper quality. The company's musical director was called and the discovery made that both possessed voices of admirable quality. Both were at once engaged and rehearsals were called for the following morning. On Thursday Manager Flack determined to have one of the young ladies lead the famous "Daddy Moon" song and she will be heard here as the soloist in that number.

Both the young ladies stated to Manager Flack that it would be necessary for them to return to their homes in Jacksonville before proceeding on tour with the company, and when informed by him that "Zig Zag Alley" was booked to appear at Jacksonville next Tuesday night each bravely said we will not permit the fact to interfere with our plans and then and there consented to accompany the company to Jacksonville and appear here. Advance Agent Bird saw the young ladies at the theatre in St. Louis, but departed before the engagement was made.

Manager Flack wrote Agent Bird here that he believes he has a "find" in the young women, whom he declares are not only apt pupils, but possess uncommonly good voices and much beauty. Jacksonville people will naturally be curious to discover the identity of the fair ones. Agent Bird declared Wednesday that the young women will positively appear here next Tuesday night with the company.

Lake McDonald Camping Party Home Again After Most Delightful Outing.

Mr. and Mrs. L. O. Vaught, Mr. and Mrs. E. P. Cleary, Mr. and Mrs. W. A. Hoblit, Dr. W. W. Schermerhorn, Prof. F. W. Sanford, C. H. Russell, of this city; Mr. and Mrs. George W. Govert, of Quincy, and Dr. W. H. Wilder, of Chicago, who have been camping for two months at Lake McDonald, Mont., returned home Saturday, after a most delightful outing. Mr. Russell and Mr. Schermerhorn went on to the coast and at Spokane met Messrs. C. L. Dawson and Fred W. Silbert, who are proprietors of the Cadillac hotel and Miss Sue Bruce, formerly with Trade Palace, now at the head of the hosiery department of a large dry goods firm. At Seattle they saw John Bennett, formerly with the Duckles clothing house, now running a grocery store. Professor Sanford left the party at Chicago, where he will remain for a few days on matters of business.

Lake McDonald still continues to be popular with those who like an outdoor life for the summer and was visited this year by the usual number. Tourists frequently stop off at Belton, which is the nearest railroad station, and drive four miles for a day's visit on the lake and they are always well repaid, as the scenery is something grand and beggars description. The season is usually a short one and most of the visitors come during the months of July and August. A steam launch plys the lake, which is twelve miles long. There are about twenty-five log cabins around the lake, most of them used for renting purposes. The population consists of three families and a forest ranger and they are all separated by a distance of several miles. The country has ever had its attractions for Jacksonville people and fully 100 of her citizens have camped on the shores of the lake at different times.

ALL THE NEW THINGS AT LEDFORD'S BOOK STORE.

"AN ARISTOCRATIC TRAMP".

The much expected aristocratic tramp put in his appearance at the opera house last evening and the general verdict was "good." Of course the interest of the play centers in the star, Clare Evans, who has the role of the tramp and manages to keep the audience in good humor all the time he has the stage. He is, indeed, a whole show in himself with his songs, dances and funny sayings, while he is shown to be possessed of morals and nerve when the time comes to use them. He is ably assisted by Miss Mae Britton, as Betty Dymie, who is sprightly and vivacious. The other characters are rather indifferently taken and some of the work of the villains was too lifeless and mechanical. A good picture was given of the slums of San Francisco, while the automobile race and arrival of the Sunset Limited was well done. The specialties by Kilroy & Britton, Clare Evans and Scott and McFarland were good.

WE CAN SHOW YOU MANY NEW STYLES IN FALL AND WINTER FOOT WEAR. E. S. VANGLEN & CO.

AN EDITOR'S OPINION.

Our readers will be interested in the statement by Mr. John Edmonds, editor of the Daily and Weekly Courier at Lincoln, Ill. He says: "I have long been a sufferer from constitutional constipation and have used Re-Go Tonic Laxative Syrup. I found it an agreeable medicine and just the thing for men engaged in sedentary pursuits. I take pleasure in recommending Re-Go Tonic Laxative Syrup as safe and effective, without any gripping or nauseating effects common to similar remedies." 25c, 50c and \$1 bottles sold by Lee P. Albott, druggist.

Not How Cheap But How Good

We are not in the furnace business to see how cheap we can build them. The trade of cheapening is one we never served an apprenticeship; it isn't worth a candle. The only way to get satisfaction out of furnace work is to do it as well as it can be done. We don't claim to have the cheapest furnace made, but we do claim to give you more

Good Honest Furnace Value

Than you can obtain elsewhere. You must not lose sight of the fact that in buying a cheap furnace you pay for what you get and since the dealer who sells the cheap furnace makes as much profit as the one who puts up a good one, there is a great temptation to use the cheap price as a bait.

JUSTICE COURTS.

In "Squire Henderson's court Nellie Pierson, better known as Nell Mack, was fined \$5 and costs for a drink. She took in all the sights on the day and along with them too much fireworks, which made her intoxicated badly.

Henry Wright, not Cheap Charley, the poor man's friend and cattle dealer, but a youth of African descent, was fined \$5 and costs for assault and battery. He had an altercation with a fellow workman regarding some financial matters and let his temper get the best of him; according to the testimony, and struck the other man.

Charles Buchanan, Ed Haley, Andrew McGinnis and George Happy were each taxed \$3 and costs for ordinary drunks, and C. P. Reynolds was fined \$3 and costs for abusive language.

THE MARKETS

Chicago, Sept. 5.

LIVESTOCK.

Cattle—Nothing doing in cattle market to day. Only a few arrived and volume of business was so limited there was no change in prices. Good steers, \$5.50; poor to medium, \$4.10 to \$5.25; cows, \$3.50 to \$4.70.

Hogs—Receipts for the day estimated at 8,000, but nearly a third of them arrived too late for the market. Some urgent orders were filled early; opening sales strong to 5c higher. Later, however, trade weakened and late transactions were 5c below best price of morning. Mixed butchers, \$5.25; good to choice heavy, \$5.50 to \$5.85; rough and heavy, \$4.50 to \$5.50; light, 5.00 to 5.20; bulk of sales, \$4.50 to \$5.75.

Sheep—Receipts to day 1,500, but nearly half that number went to local firms that forwarded them to eastern points. For a few good to choice sheep and lambs there was a demand at best prices of the week. A load of very choice 75-pound native lambs sold up to \$8 and choice fat native ewes went at \$5

TEAM RUNS AWAY

Peculiar Accident to Parties
Driving on North Main
Street.

A team belonging to the Messrs. Crum was being driven by them on North Main street Saturday evening about 5 o'clock to a buggy and one of the men in the buggy was leading an unbroken western horse. When opposite the residence of Frank Fanning the horse behind became frightened and without warning jumped over the heads of the men in the buggy and in between the team they were driving. The team started to run and soon broke away from the vehicle and made for the yard of Mrs. Konrad, where they ran into a lawn swing, completely demolishing it, and were finally caught in the yard. The men in the buggy escaped, almost miraculously, without injury and the harness was only broken in a few places. The double trees of the vehicle and pole were shattered, however, and one of the horses skinned about the legs. The accident was a most peculiar one and the men in the vehicle were certainly fortunate in meeting with such a lucky escape. The horses were all caught and later the Messrs. Crum resumed their journey to Literberry.

THE DEATH RECORD.

HOLMES.

Isaac Holmes, residing near Prentice, passed from earth Saturday. He was one of the substantial farmers of the county and a man held in high respect by all who knew him. He leaves seven sons, Perry, Allen, Amos, Charles, Isaac, Jr., Wesley and Dan, and one daughter, Mrs. Sarah Jones, all residents of Morgan county. He was 80 years of age and had lived here all his life.

The funeral will be held to day at 2 o'clock and interment will be in Yatesville cemetery.

DUVAL.

W. T. Duval died at his home in Liberty, Mo., Saturday. He was well known here, where for ten or twelve years he had made his home with his daughter, Mrs. John C. O'Neal, near Pisgah. He was 82 years of age and was a Kentuckian by birth. Mrs. O'Neal was with her father at the time of his death. He was a man of genial disposition and has many friends in Morgan county, who will sincerely regret to learn of his death. He is survived by two daughters, Mrs. John C. O'Neal and Mrs. Sarah O'Neal.

TOWN.

Miss Mildred Tonn passed into the eternal sleep Saturday night at 10:30 o'clock at the home of her parents, Mr. and Mrs. C. F. Tonn, 214 West College street.

Her beautiful life came to its close on her 20th birthday and the silent messenger called her at a time when life was opening to the full with bright, happy prospects. Her death casts a shadow over a wide circle of friends, while the family circle are bowed down in an agony of grief at the untimely decease of a beloved and dutiful daughter. She possessed a sunshiny disposition and to know her was to feel and be inspired by the gentle influence of her radiant spirit.

She had been ill since last April and death was due to complications arising from an attack of the measles. She was brought home from Quincy, where her life had been despaired of several times, two weeks ago.

Decedent was born in Hannibal, Mo., Sept. 5, 1883, and was a graduate from the Ursuline academy of Springfield.

The remains will be taken to the home of Edward Nolan in Quincy Monday morning and the funeral will be held at 8:30 o'clock Tuesday morning. Interment will be in St. Peter's cemetery.

CHRISTENSON.

Word was received late Saturday night of the death of Mrs. John Christenson in Chicago. She is survived by two brothers, John and Thomas Mallen, of this city, and five sisters.

LABOR DAY

Local Unions Will Join in Deca-
tur Celebration—Large
Crowd to Go from
Here.

Never in former years has the enthusiasm for the Labor day celebration so manifested itself as this year. In every great labor center preparations have been made to make Labor day one of great proportions and every laboring man and every labor organization is getting into line for the big celebration Monday. The local committees of the Trades Assembly of this city have completed every arrangement for taking their delegations to Decatur and two trains will be in readiness at the Wabash station early to morning morning to take the large number who will undoubtedly attend from this city throughout without a stop.

Every effort has been made to try and win the cash prize to be offered for the largest delegation from any city in the parade and the labor unions of this city will be well represented.

The Decatur committee have awarded to Jacksonville a place of honor in the parade and Jeffries' concert band will head the procession and close behind will come the Jacksonville delegation, making up for the most part the first division. There will be six divisions in all and the parade will move south on Franklin street to Wood street and after passing over the course as mapped out will disband on Water street. The following will be the positions of the various organizations in line Monday:

TOWN ON FIRE.

Peoria, Sept. 5.—The town of Roanoke, thirty miles east of this city, is reported to be on fire. The blaze started in a brick block owned by Rosenbeck & Co. and has spread to six adjoining buildings. Telephone and telegraph communication is broken off and no further particulars are obtainable. The town has a population of 2,000 and no facilities for fighting fire.

COLORADO RIVER GOLD AND COPPER COMPANY.

An opportunity for investment is now offered to his old friends by W. O. Dresback in the Colorado River Gold and Copper company. This is a MINE and is now being worked, taking out ore of HIGH VALUES. Two true fissure veins running parallel with each other for forty-five hundred (4,500) feet. The ore is gold and copper and is smelting ore. The object in offering stock for sale is to pay miners for taking out ore; the ore to be used to pay for a smelter. When the smelter plant is installed there will not be any more stock for sale and the stock will soon be paid. THERE IS NO ELEMENT OF RISK in this. We have THE ORE in SIGHT and its value has been assayed by the best assayers in the west; also by the chemist employed by the smelter at Iola, Kan. By calling at room 10, opera house building, you can see the ore and drafts of the mine.
